FUELLED BY PURPOSE, WE DRIVE CHANGE

At Navneet Foundation, we are guided by a heartfelt mission to uplift and empower our society. Our dedication transcends mere support; it is a relentless pursuit to drive positive change across various spheres, including Education, Health & Medical Care, Community Development, Animal Welfare, Sports and Art & Culture. By investing in these vital areas, we are not just supporting individuals; we are uplifting entire communities. Together, we are building a brighter future for everyone.

Just as soaring wings lift a bird to new heights, our purpose gives a flight to our journey to create a lasting impact. We firmly believe that by uniting collective purpose, we can transform and reform lives and communities, sparking a beacon of hope and progress. Our initiatives are meticulously crafted to offer innovative education programs, comprehensive support systems, skill development opportunities, and vibrant platforms for community development. With every endeavour, we strive to nurture a brighter future, where every individual has the opportunity to thrive.

With a steadfast focus on purpose-driven actions, we at Navneet Foundation nurture the seeds of potential within individuals, helping them not just to grow, but to flourish. Our holistic approach ensures that every effort we make is a step towards creating a vibrant and empowered society. Embodying our vision of being 'Fuelled by Purpose,' we invite everyone to join us in this transformative journey. Together, we can make a meaningful difference.

We aim to empower everyone, creating an environment where marginalised individuals can thrive.

By aligning our actions with our purpose, we are igniting a ripple effect of empowerment and positive change that reaches far and wide. Come join us as we drive forward, 'Fuelled by Purpose', building a legacy of upliftment, empowerment, and community transformation together.

Rooted in Decades of Care, Blooming Hope for All: Navneet Foundation

For over six decades, a single purpose has burned bright: to empower lives and uplift communities. In 2013, Navneet Foundation became the flame, carrying that torch forward. We reach across boundaries, from education and health to fostering vibrant communities. Animal welfare, environmental protection, and disaster relief - no cause is too small when it comes to nurturing hope.

Our mission is a promise: to empower the marginalised, to create fertile ground where potential can flourish.

Letter from the Board of Trustees

As we look back on the year that was, our hearts overflow with a profound sense of gratitude and responsibility. Navneet Foundation is more than an organization; it is a living embodiment of hope, compassion, and the relentless pursuit of a better world.

Our journey has been marked by unwavering dedication to those who need us most. We have witnessed the transformative power of education, igniting young minds and shaping futures. We have nurtured creativity, a spark that illuminates lives and communities. Technology has been our tool to bridge divides and empower, while healthcare has been our solace to those in pain.

We have worked tirelessly to uplift communities, fostering self-reliance and resilience. The vibrant energy of our youth has inspired us, as they have excelled in sports, arts, and culture. Every step of the way, we have been guided by a deep-rooted belief in the inherent worth of every individual.

This report is more than a collection of facts and figures. It is a tapestry woven with threads of human stories – stories of triumph over adversity, of dreams realized, and of lives transformed.

As you read this report, may you feel the profound impact of our collective efforts. Together, we are making a lasting difference, one life at a time. With your continued support, our purpose remains strong and resolute. Let us keep fuelling hope, empowering dreams, and uplifting communities.

With heartfelt gratitude,

ABOUT

NAVNEET FOUNDATION

The Navneet Foundation has formalised the efforts of six decades of commitment towards the well-being of our society through various developmental activities. With a core focus on Education, Health and Medical care, Community Development, Environmental Development, Animal Welfare, Disaster Management and more, we have strived to create a positive impact.

At Navneet Foundation, we have made a difference by assisting the communities in their all-round development and enhancing opportunities for the growth of the marginalised.

Vision

To ignite a movement that is dedicated to the sustainable development of the society through empowerment of individuals and communities.

Mission

Navneet Foundation reaches out to the underprivileged in society to empower and lead them to sustainable development. This is done by leading them to participate in growth and positive change for their development. Enhanced opportunities to create impact is possible through resource building and accessibility, skill and knowledge development, and intervention by local communities.

EDUCATION

Opening doors to quality education

Education forms the bedrock of human development and is a basic right that every person deserves.

At Navneet Foundation, we understand the obstacles that hinder access to education in both rural and urban areas. Through our dedicated initiatives, we are not only imparting knowledge and skills but also nurturing dreams and aspirations. Together, we are building a world where education isn't a privilege but a fundamental right for every individual.

Ensuring quality education for all: Our never-ending pursuit.

At Navneet Foundation, we are driven by a simple belief: every child deserves access to educational opportunities. It's not just a vision; it's a commitment we have turned into reality. Through our dedicated efforts, we have transformed this belief into meaningful action. We have supported **1,816 Underprivileged Children**, including those with special needs, by covering school and college fees, offering coaching, and providing crucial counselling.

Resilience and Recovery

When 22-year-old Ajay (name changed), from rural West Bengal suffered Hodgkin's Lymphoma from the age of 9. The medical expenses were overwhelming for the parents, draining their savings and leaving them with limited or no finances to take care of the child's needs beyond medical.

However, Ajay wanted to pursue his education, which is now supported by Navneet Foundation. Having successfully completed his treatment, Ajay is inspired by the healthcare staff who helped him and now aspires to work in a hospital. We continue to support his education, including for the first year of his Bachelor of Physiotherapy degree. Navneet Foundation helps cover education costs for deserving cancer patients like Ajay.

Hope Amidst Hardship

Tanya (name changed) suffered with Papillary Thyroid Carcinoma since the age of 10. It was Tanya's interest in learning that became her source of strength and motivation, which was duly supported by Navneet Foundation. Education provided her with purpose and a sense of normalcy amidst the chaos of battling cancer. It served as a beacon of hope and a reminder of life beyond her illness, as she bravely continued her journey towards recovery.

Today, Tanya is 21 years old. Having successfully completed her treatment, she is now fully focused on her future. We continue to provide financial support for her education, and she is now in the second year of her Architecture course. Tanya's story is a testament to the power of hope and the impact of community support in overcoming life's toughest challenges.

Navneet Foundation supports the education costs of cancer patients like Tanya, whose families struggle to afford these expenses.

Spreading Joy

Navneet Foundation's dedication to educating the underprivileged transcends the realm of textbooks. Insufficient resources hinder progress and education, and by providing kits, we equip individuals with the essential tools that serve as motivation for them to pursue their studies.

Across Gujarat and Maharashtra, educational kits reached **11,464 students**, providing them books, stationery, and uniforms. These initiatives nurture confidence, social skills, and cognitive development, empowering children to excel in their academic pursuits.

We have distributed **2,768 developmental toys** to 12 under-resourced schools in Mumbai, positively impacting **6,565 children**. This initiative not only brings joy to the learning process but also fosters a keen interest in education.

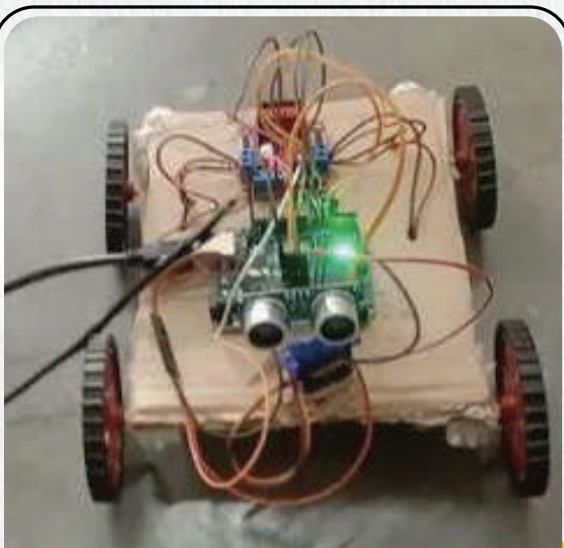

Fuelling creativity

Sanjay (name changed), a lively Class 8 student at Mumbai Public School (CBSE) in Mulund, is a bundle of energy. During one of the school's play sessions, he eagerly started assembling a car toy but could not finish it. A few days later, he suggested turning a free period into a play session, and his teacher enthusiastically agreed. With the extra time, he skilfully completed the car.

Toys and games that involve moulding and constructing something from scratch are instrumental in fostering logical thinking, cognitive skills, creativity, and problem-solving abilities in children, Sanjay was no different. His teacher shared his joy in completing the car, which motivated him to explore creating more vehicles. Encouraged by this success, Sanjay and his friends began crafting cars from recycled materials and everyday items, honing their skills with each new project. His ultimate dream is to design his own automobile one day. Sanjay proudly showcases his completed car and other vehicles crafted from recycled materials and household items.

Play sessions are pivotal in the development of children, allowing children like Sanjay to unleash their creativity and cultivate critical thinking alongside other essential skills.

Building the Foundation for Aspirations

Navneet Foundation firmly believes that a conducive learning environment is pivotal in delivering quality education. We have consciously chosen to extend this invaluable opportunity to underprivileged children. In our pursuit, we have supported the development of Math, Science, and Language Labs, significantly enhancing the understanding of these subjects for **350 children**.

Furthermore, we conducted workshops on innovation and created platforms for hands-on learning through experiments and experiences. These initiatives have empowered **3,200 children** to enhance their scientific knowledge and showcase their creativity. Our objective in establishing the laboratories was to facilitate the provision of practical and experiential education.

We have also established computer labs, renovated schools, and ensured clean and safe drinking water for **972 underprivileged students**, both in schools and at the Centre for Early Education.

A Spark of Curiosity

Meet Sneha (Name changed), a cheerful 10-year-old girl studying in standard V. Once a quiet soul who lacked confidence, Sneha's life underwent a significant transformation in 2023 when she encountered a teacher who recognized her potential and passion for learning science.

Her enthusiasm was significantly fostered by the science lab supported by Navneet Foundation, allowing her to thoroughly delve into her interests. Her dedication to scientific experiments quickly sparked a keen curiosity, leading to a remarkable change. One of her science projects captivated the audience at an interschool science exhibition.

The said science project also secured her a third place in mid-term exams. Sneha's journey highlights the ever-changing power of education and mentorship in building the confidence of a young soul.

The Language of Success

At just 12 years old, Keyur (Name Changed), a standard VII student, exemplifies the rewarding impact of the Language Lab.

His ability to express his thoughts improved when his parents enrolled him in the lab. Initially reserved, Keyur's potential was recognized by his observant and empathetic teacher, who developed a plan to boost his confidence. Through various activities and leading discussions at the lab, participating in word-related activities and skits, Keyur began to thrive.

His breakthrough moment was when he won second place in a teaching-learning materials developing competition. With newfound confidence, enthusiasm, and a sense of belonging, Keyur has blossomed into a vibrant student, demonstrating remarkable social and academic growth. His journey highlights the profound effect of personalised interventions in nurturing confidence and unlocking potential through creative learning.

Bridging the Education Gap with Technology

Digital Education Project is important to ensure quality growth and to improve any region's competitiveness. Today schools are facing challenges in maintaining adequate level of students' attendance, reducing drop outs and creating the infrastructure for modern learning. Thus Digital Education Project consisting of digital technology, helps students improves their quality of Education and to enrich schools and students with the new age learning. The objective is to increase student engagement, foster academic excellence and improve learning and professional development. The goal is to help create a holistic environment for children in schools so that they remain in schools, dropouts can be reduced and score better in exams.

Since 2013, Navneet Foundation has successfully implemented a range of Digital Education Projects for various Indian Corporates and MNCs, focusing on enhancing learning outcomes for various target groups. Covering more than 8,500 schools benefitting more than 1 million students so far. This year, **1,277 schools** were provided with digital learning benefitting over **3 Lakh 50 Thousands** students with enhanced learning experiences.

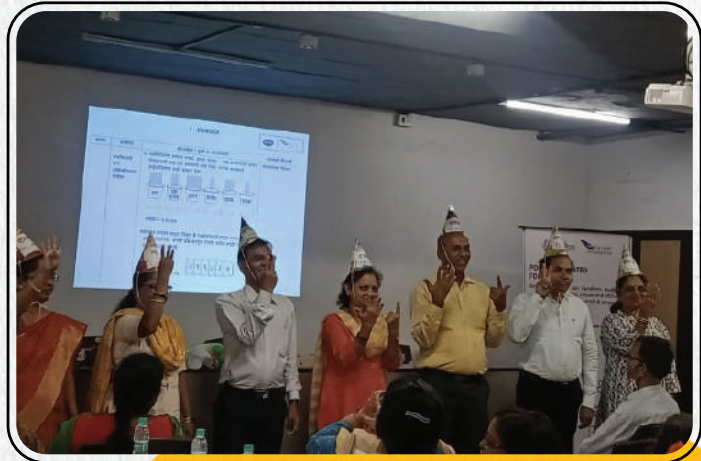

Empowering Educators with NavDisha

Teachers play a pivotal role in a student's life, and with the NEP 2020, their responsibilities have expanded even further. Recognizing the unparalleled role of teachers, we at Navneet started NavDisha to empower teachers.

NavDisha is an initiative dedicated to enhancing the skills and knowledge of teachers. It offers a platform for professional growth through workshops, interactive webinars, articles, blogs, government circulars and knowledge-sharing sessions. By focusing on various educational topics, NavDisha aims to keep teachers updated on significant developments and recent changes in the education system, fostering their professional development and capacity building.

We strengthened our efforts by enhancing the NavDisha portal, which we have exclusively developed for the enrichment of teachers. Featuring articles, blogs, book reviews, and academic essays, alongside educational videos, we empowered more than **30,000 educators** with innovative teaching methods.

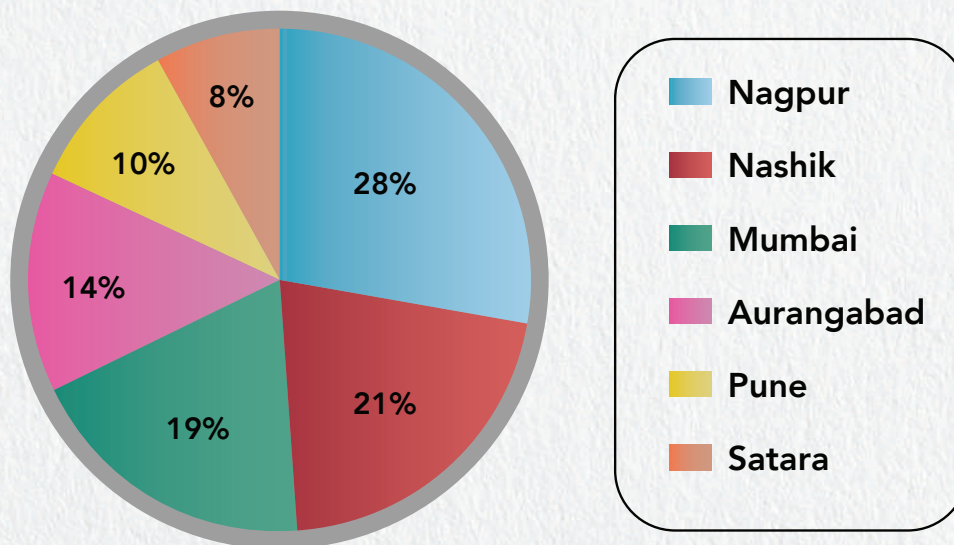

Education - Teacher's Training Program

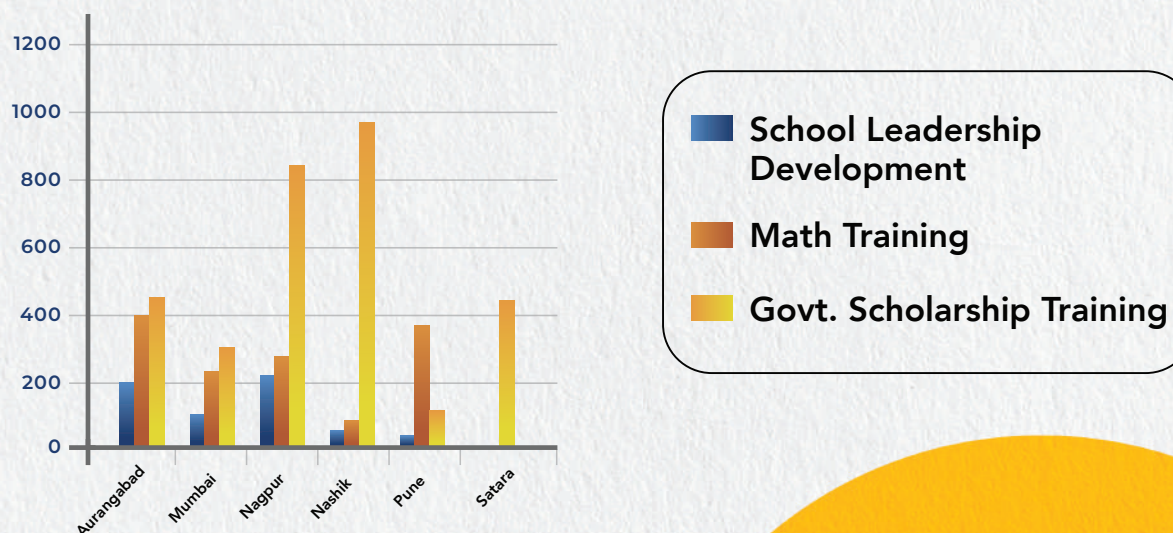

Since 2016, the Foundation has conducted over 434 hands-on training workshops for teachers at various places across Maharashtra. More than **20,000 teachers** benefited from this initiative.

In the current year, we conducted specialised training sessions for secondary school teachers to enhance cognitive skills, aligning with the goals of NEP 2020. As part of this initiative 87 workshops were conducted in 6 regions of Maharashtra in which **trained 4,852 teachers** in the field of School Leadership Development, Government Scholarship & Mathematics.

Workshops Held

Participation in Workshops

Guiding the Way Forward with Expertise

Navneet Foundation empowered thousands through career guidance and counselling sessions across **12 schools** in Mumbai, helping **3,631 children and 755 parents**. This initiative bridged crucial gaps, enabling children and parents to navigate career choices more effectively.

Early Childhood Education

The new NEP has assigned Anganwadi workers with the responsibility of early childhood education in rural areas. We have teamed up with ICDS (Integrated Child Development Services) to bolster their capabilities and enrich educational activities, benefiting countless children in the tribal villages. The formative years from 3-5 are crucial for a child's overall development, and Navneet Foundation recognises this importance. To support this, we have provided learning and training kit to them. Our pilot project in Vasai-Virar encompassed 6 Anganwadis and reached 75 students.

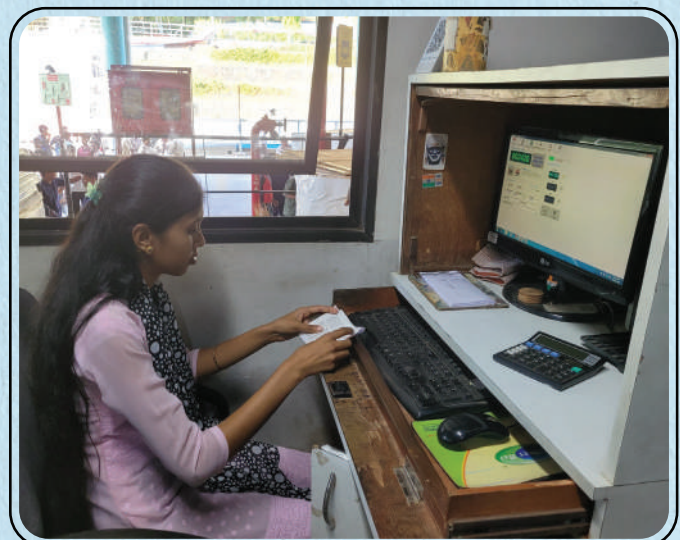

Equipping the Youth with New Skills

Navneet Foundation recognises the importance of skill development in employability of youth and women. To bridge this gap, we have started supporting and developing 6 skill development centres. These included vocational training as tailors, beauticians and nursing aids. These centres that provided certified courses in Gujarat and Maharashtra have helped enhance youth employment prospects. We also have established two computer centres providing MSCIT Course for professional development in Maharashtra. Through this program we reached out to **450 students**.

Turning Learning into Opportunity

Varsha Mohan, a 21-year-old woman, is a testament to finding one's path with the right guidance. Enrolling in an MS-CIT course at Bhalivali Computer Centre supported by Navneet Foundation, her perseverance and dedication not only led her to complete the course but also secured her a position as a computer operator at Navneet Education Limited, Khaniwade. From mastering basic computer skills to excelling in MS-CIT, Varsha's journey highlights the transformative power of education.

From Sewing Skills to Self-Sufficiency

Meenaz (name changed) lives in a Mumbai slum with her family. She was resource constrained and unable to contribute to family income due to lack of formal education. She enrolled in a Basic and Advanced Sewing and Tailoring Course at a centre supported by Navneet Foundation. Post successful completion of this course and acquiring this skill today, she runs a small successful home-based business, earning an additional income for her family. This achievement was made possible with the help of the platform provided to her by Navneet Foundation.

From Weaving Dreams to Tailoring Success

Sakina (name changed) is residing in a Mumbai slum, with her parents. Sakina started contributing to her family income by successfully completing the Basic and Advanced Sewing and Tailoring course at a centre supported by Navneet Foundation. She joined her mother who was running a small tailoring business to meet ends. Her dream is to own and operate her own tailoring store someday. Her journey proves that through determination, anyone can achieve success once their interests and energies are channelised in the right direction.

HEALTH AND MEDICAL CARE

Healthcare Equity: Striving for Quality Care

As education shapes minds, healthcare transforms lives. Countless Indians still lack access to essential medical services and facilities. Navneet Foundation has undertaken initiatives to address these challenges and make these services accessible to under-resourced individuals.

From Care to Cure

Navneet Foundation has taken a significant step forward, **aiding 1,137** underprivileged patients across Gujarat and Maharashtra. This encompasses covering the expenses for surgeries and treatments for various illnesses, alleviating them from any financial burdens. In addition, the Foundation has supported 30 underprivileged families by facilitating the acquisition of medical insurance policies, ensuring support during future health crises.

Developing Healthcare Infrastructure

Making affordable and quality healthcare accessible to the underprivileged is our mission at Navneet Foundation. We aim that our actions match our promises. Our dedication to enhancing healthcare infrastructure has enabled **80,705 patients** to access high quality medical care. This includes interventions in a range of specialties such as dental, ENT, orthopaedic, gynaecology, sonography, surgery etc. We have donated medical equipment to various medical centres in Gujarat and Maharashtra, ensuring advanced surgical capabilities.

Fostering Hope with Shelter and Sustenance

Patients travel from across the country to Mumbai seeking cancer treatment. Finding affordable accommodation remains a daunting challenge for many. Recognizing this issue, Navneet Foundation stepped in, offering support for shelter, nutritious meals, and a secure haven to **152 children** undergoing treatment along with their caretakers.

Bringing healthcare to rural doorsteps

Access to quality healthcare infrastructure is limited for rural populations due to the considerable distance of their locations from urban centres. Additionally, many areas suffer from inadequate transportation facilities. Thus, Medical camps play a crucial role for rural communities to make healthcare accessible.

These camps cover a wide spectrum from Dental and Orthopaedics to Gynaecology; and are pivotal in detecting Breast and Cervical Cancer and other life-threatening ailments. This year, we have facilitated treatment and surgeries for various ailments to **61,146 patients**, including support for cataract patients to restore their vision.

Fuelling Wellness

Nutrition is crucial, not just in medical treatment but also in recovery. However, for the underprivileged, access to proper nutrition can be a challenge even after receiving treatment. Recognising this need, Navneet Foundation has provided nutritious food kits to **923 individuals** every month, including malnourished children, pregnant and lactating mothers, adolescent girls, and TB patients. During the year, **11,076 food kits** were distributed.

Rising Above

Parag (name changed), a 17-year-old TB patient, was not responding to medications due to lack of nutritious food. He struggled with eating, often feeling bloated after meals. Through nutrition counselling, he embraced healthier eating habits and lifestyle choices. His disciplined approach allowed him to gain 5 kg within six months and successfully overcome TB.

We provided him with a nutrition kit tailored by a nutritionist, ensuring meals suited to his condition every month for the entire year. This consistent support helped Parag prioritise healthy eating and living. His dedication to this regimen not only facilitated his weight gain but also played a crucial role in his recovery from TB.

A Path to Recovery

Shalaka (name changed), a 22-year-old woman experiencing a TB relapse, weighing just 32 kg was facing issues like weakness, low appetite and hair fall. Her eating habits were irregular and unhealthy which acted as a hindrance to her recovery. With professional counselling facilitated by Navneet Foundation, she transformed her diet and recognized the significance of staying hydrated, maintaining hygiene, exercising regularly, timely meals, and thus bolstered her immune system and nutrition. After a year, she successfully completed her treatment and now weighs a healthy 42 kg.

We provided her with a nutrition kit every month for a full year. Each kit was designed by a nutritionist to suit the specific dietary needs of the patient based on her illness.

COMMUNITY DEVELOPMENT

We at Navneet Foundation always strive to understand the needs of communities in rural and urban areas. Our programs are designed to cater the needs of different sections of the society. All our efforts are driven to holistic community development through sustainability and community participation.

Building Safe Havens for Young Minds

At Navneet Foundation, we prioritise the well-being of students, ensuring they receive exceptional care.

This year, we have facilitated the development of 47 rooms in hostels and ashramshalas, accommodating **1,633 underprivileged youth** in Gujarat and Maharashtra. This initiative has granted them access to comfortable living quarters, nutritious meals, and dedicated study spaces. Additionally, our efforts included maintaining hygienic sanitation facilities provided to institutions, benefiting lakhs of individuals through the year.

Empowerment begins with financial security

To enhance the quality of life in local communities and enable sustainable incomes, we have championed and implemented numerous initiatives. We empowered **156 farmers through workshops**, training and exposure visits to optimise their land productivity, fostering year-round income generation.

Moreover, we also distributed vegetable seed packets and fruit & and flower saplings to **31,000 families**, enabling them to cultivate and market the produce.

Additionally, we facilitated **733 self-help groups** to achieve financial independence which was possible through various workshops conducted around financial planning and management. This empowered **7,276 families** to enhance their economic well-being.

Special Care for Special Few

Navneet Foundation recognizes the challenges differently abled individuals encounter in accessing essential resources. To address this, we have extended our support, **benefiting 109** individuals by facilitating access to bus passes and other vital services.

Additionally, **100 individuals** have gained access to pension benefits through government schemes, and 14 individuals have secured job placements tailored to their specific needs.

Navneet Foundation continued to support and facilitate the achievements of individuals with special needs, despite physical barriers and societal misconceptions. Their success stories highlight effective disability management.

Turning adversity into achievement

Suchi (name changed), a resident of Boisar, suffers from Achondroplasia and has a 40% locomotor disability. Despite completing her H.S.C. and possessing a strong ambition, finding employment proved challenging due to her genetic condition. This struggle caused immense stress and demotivation, as she desired to support her family financially.

Opting to join our training and development programs, Suchi acquired valuable skills that boosted her self-confidence. It was a case of perfect timing, as she now thrives as a Hotel Operations Trainee. Suchi has found independence and happiness in contributing to her family's financial well-being.

Against All Odds

Divya (name changed) earned her B.Com degree from the University of Mumbai. Despite facing a left-hand degloving injury and a 43% locomotor disability that hindered her job prospects, she persevered through constant rejections, clinging to hope.

Enrolling in one of our training and development programs proved to be transformative. It equipped her with essential life skills and boosted her confidence. Today, Divya thrives as a Renewal Retention Officer at Star Health and Allied Insurance. She now feels empowered, grateful that she can provide crucial support to her family.

Defying Limits

Kavita (name changed) is an inspiration to us all. Despite losing her vision at thirteen, she refused to let her disability hinder her professional success. She completed her M.A. and Ph.D., embarking on a fruitful twenty-three-year career in education. Currently serving as the Vice Principal at Somaiya College, she actively engages in state, national, and international conferences advocating for education for the disabled. Navneet Foundation acknowledges her courage and dedication and is proud to be part of her journey.

Unwavering Dedication

This is an inspiring story of Mahesh (name changed). Despite being 86% physically disabled, he opted to serve as a primary school teacher and has dedicated his life to aiding the disabled community.

From championing government initiatives and offering counselling to distributing essential supplies like ration kits, beds, and lifesaving drugs during the Covid-19 crisis, Shinde has tirelessly supported those in need. His extraordinary contributions during Covid has earned him multiple awards and recognition, including honours at Raj Bhavan.

ANIMAL WELFARE

Compassion beyond our own kind

Our hearts are deeply dedicated to supporting animal welfare. We are proud to have provided essential care to **20,935 abandoned animals** in shelters across Gujarat, ensuring they receive nourishment, medicines, and vaccinations.

Moreover, we have made significant contributions towards surgical interventions and medical treatments, helping to cure ailing stray animals and giving them a second chance at life. Our collective efforts stand as a testament to our unwavering commitment to making a difference in the lives of these precious beings and thereby creating a path towards co-existence of all living beings.

SPORTS

The Navneet Foundation has provided support to individuals in their respective sports endeavours, thereby contributing significantly to both national and personal development. Recognising the profound impact of sports on the physical, mental, and social well-being of individuals, the foundation has committed resources to advancing and nurturing the field of sports.

Navneet Cricket Cup

Navneet Cricket Cup is an annual event, which brings together a vibrant community of **1900 men, women,** and senior citizen enthusiasts from villages to cities. A total of **182 matches** was played as part of this event during the year. It is more than just a tournament, it is a celebration of passion, teamwork, and the joy of playing together.

Enabling young cricketers to chase their dreams

Nurturing dreams, one cricket match at a time! At Navneet Foundation, we are dedicated to nurturing the passion of young cricketers nationwide. With pride, we have already empowered **172 talented girls** and **128 enthusiastic boys.** Together, they have taken part in **62 tournaments,** where each match is not just a game but a journey of skill-building and confidence.

Meet our Champions

Keep Shining Naishaa Bhatoye

Naishaa Bhatoye, is a 16-year-old powerhouse who's been making India proud on the badminton court. The Navneet Foundation takes great pride in standing beside her, providing support for her coaching fees, nutrition, equipment, and various other resources essential for her growth and success.

She recently represented India at the Asian Junior Badminton Championship in China, showcasing her incredible talent and dedication. Not only that, but Naishaa has also clinched the gold medal in the under-17 category at the ICSE Championship, marking a significant milestone in her budding career.

She holds an impressive all-India rank of **2** in the under-17 category and has soared to the **5th** position globally in the under-19 category. Even in the senior category, she is already making waves with a **current world rank of 440**, with promising prospects ahead.

Future Star in the making - Diya Chitale

Diya Chitale has emerged as a shining star, and we take pride in supporting her journey. With Navneet Foundation's support for covering her coaching and fees, she has thrived and achieved success. At just 19, her journey in table tennis has been nothing short of inspiring. She recently clinched gold medals in the women's singles and mixed doubles categories at the UTT National Ranking and Senior National Championships. Her dedication and talent have seamlessly transitioned her into the seniors' league, where she continues to elevate her fitness and performance to international standards. Diya's achievements are a testament to her resilience and passion, and we are honoured to stand by her side on this remarkable journey.

Skating towards her goal - Aum Jangla

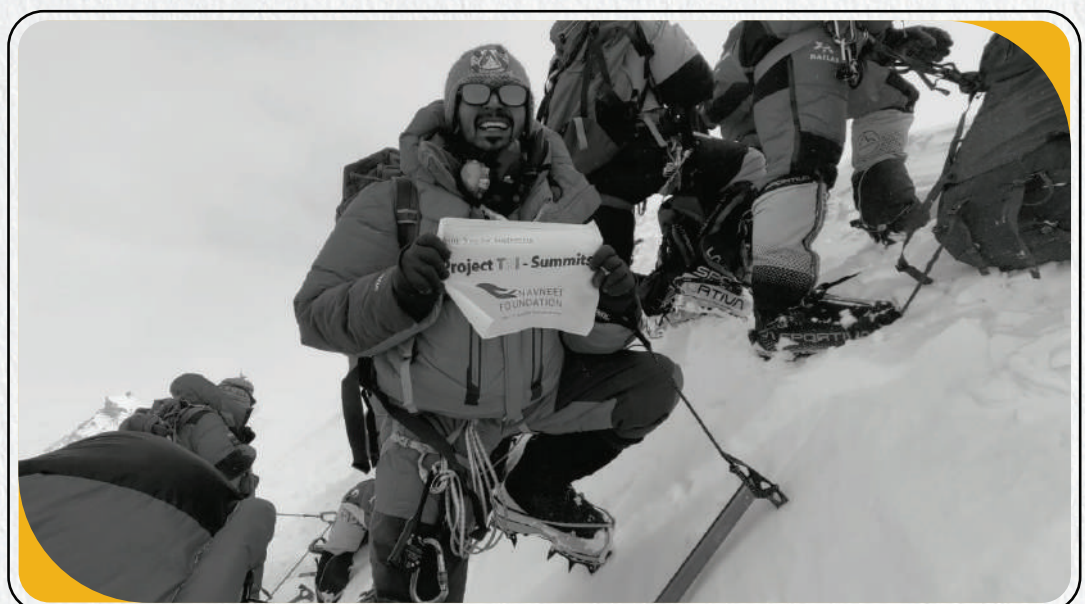

Aum's journey from a teenage skating phenomenon to a **gold medallist** at the 61st India National Skating Championship fills us with immense pride. Her dedication and passion for skating shine through as she now aims to represent India at the prestigious 2024 World Skate Games in Italy. Navneet Foundation supports her training and championship participation.

Conquering new heights - Keval Kakka

Keval Kakka, a true trailblazer scaling heights rarely conquered. As a State and National Award-winning mountaineer, Keval is on the verge of conquering **nine** peaks above **8,000 metres** in shortest span of time.

Navneet Foundation stands proudly behind Keval, having supported him through 6 monumental climbs across the world. We believe in his spirit, dedication, and the determination that drives him to achieve greatness.

ART & CULTURE

Nurturing young talent by harmonising heritage

At Navneet Foundation, we believe that art and culture are pivotal in shaping society. Through our programs, we offer young talents the chance to explore their roots, embrace their culture, and express their unique voices.

In line with this mission, we supported Riyaz Shala, a folk music initiative, dedicated to preserving Kutchi music. So far, **874 students** from schools across Khengarpar, Rapar, and Ramvav have received Kutchi musical lessons.

ELEVATING NGO POTENTIAL

Navneet Foundation organised a workshop focusing on Planning, Monitoring, and Evaluation (PME) to empower various NGOs with essential skills for effective project implementation.

These workshops provided people with practical insights and a comprehensive understanding of the PME process, thereby enhancing their ability to execute projects successfully. We are proud to share, 93 individuals from 42 different NGOs benefited from these enriching sessions. They received valuable knowledge and understanding to better navigate the complexities of project management and ensure impactful outcomes.

By fostering a community of skilled and knowledgeable professionals, Navneet Foundation is helping to create a ripple effect of positive change.

Fuelling the Future with Purpose

These initiatives are only the beginning, and the future at Navneet Foundation looks bright. We are excited to initiate a series of transformative projects aimed at enhancing our impact and expanding our reach. Through these efforts, we reaffirm our commitment to creating lasting, meaningful change and empowering individuals to build brighter futures for themselves and their communities.
